Projects

Personal Portfolio | HTML, CSS, JavaScript

- Designed and developed a responsive portfolio website to showcase projects, skills, and contact details.
- Implemented smooth scrolling, animations, and interactive elements using vanilla JavaScript.
- Built with a clean, minimalist UI for fast performance and mobile compatibility.
- Acts as a digital resume and project hub for recruiters and collaborators..

ShopZone – Amazon Clone | HTML, CSS, JavaScript

- Recreated key features of Amazon's UI including homepage, product cards, and responsive navbar.
- Implemented product listing, category filters, cart functionality, and basic user interactions using vanilla JavaScript.
- Designed a responsive layout with CSS for seamless performance across devices.
- Great for showcasing frontend skills and understanding e-commerce structure.

Snake Rush – Classic Snake Game | HTML, CSS, JavaScript

- Developed a responsive and lightweight Snake game playable on desktop and mobile browsers.
- Implemented real-time movement logic, collision detection, and score tracking using vanilla JavaScript.
- Designed retro-inspired UI with CSS animations for smooth gameplay experience.
- Packaged as a standalone project – perfect for embedding on portfolios or learning platforms.
